"GETS-IT," 2 Drops, Corn Vanishes!

The Only Sure Remedy of All Corns. Desperate, are you, over trying to get rid of corns? Quit using old formulas under new names, bandages, wind-up-tapes and cotton rings that make a fat little package out of your toe.

This is the Grip of the Happy Corns. Footprints of "GETS-IT." Quit punishing your feet by using toe-eating salves and ointments. To use "GETS-IT," file, scissors and razors, sliding and hacking at a corn, only make it grow faster and bigger. It also brings danger of bleeding and blood poisoning. The new way, the new principle never known before in corn history, is "GETS-IT." It's a liquid. 2 drops on a corn does the work. Pain goes, the corn begins to shrivel and out it comes. You apply it in two seconds. Nothing to stick, nothing to hurt, and it never fails. Try "GETS-IT" tonight on corns, calloused, warts or bunions. "GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.—Advertisement.

ITCHING BURNING ECZEMA ON BABY

All Over Head, Face, Legs and Arms. Cried and Itched All Night and Day. Disfigured Badly. Cuticura Soap and Ointment Healed.

H. F. D. No. 1, Box 15, Corapeake, N. C.—"My baby began with the eczema itching and burning. It broke out all over his head and face, legs and arms with little pimples. I did not sleep any in about four months. He cried and itched all night and day for four months until his head and face were matted all over. He was disfigured badly. His clothing would be difficult to remove at times. I tried two treatments with no success at all and I had almost decided there was no cure for it. I was told by a friend that Cuticura Soap and Ointment would cure it. I tried one cake of Cuticura Soap and a box of Cuticura Ointment and they cured him. I washed the child with the Cuticura Soap and water two or three times a day, then applied him all over with the Cuticura Ointment. I had used it about four days and I saw my baby had relief. He looks great and change and sleep and day. I used Cuticura Soap and Ointment six months and he was cured completely." (Signed) Mrs. Anna Lee, Mar. 24, 1914.

Samples Free by Mail
Although Cuticura Soap (25c) and Cuticura Ointment (50c) are sold by druggists and dealers throughout the world, a liberal sample of each with 33-p. Skin Book will be sent free upon request. Address postcard: "Cuticura, Dept. T, Boston."

A New Face Without Surgical Skin Peeling

The surgical operation of face peeling is too radical, too often dangerous. There's a better way of removing offensive complexion and one that is entirely safe and rational. Ordinary mercurized wax causes the de-vitalized dead skin to come off, but gradually and gently. Unlike the surgical process, the skin is not forcibly taken off in big pieces all at once, but almost invisible flaky particles are absorbed by the wax, and about two weeks are required to complete the transformation. There's no pain, no discomfort. Nature renews complexion the same way, shedding this dead skin every day. But delicate complexion, or other abnormal conditions may interfere with the shedding of the old skin. Then mercurized wax causes Nature to remove the aged, faded or discolored top skin. That the lively, young, beautiful skin is in evidence, in robust girlhood. This is why mercurized wax produces the indescribable beauty of ever-renewing youth. The wax is put on at night like old cream and washed off in the morning. You can procure it at any drugstore, as once is sufficient.—Advertisement.

SHOPKEEPERS OF LONDON MAKING CLERKS SOLDIERS

Big Department Stores Organize Regiments; the War Spirit Holds Full Sway.

London, Eng., Aug. 18.—Shopkeepers of London now are organizing their clerks into fighting forces. Every evening in the streets of the business districts may be seen companies of shop employees earnestly drilling to be soldiers. They are getting ready to change the yardstick for a musket and the counter for the trench. In the big department stores, where there are many employees, whole regiments have been organized. In lesser establishments, companies are being formed, and where there are small stores with only a few clerks, two or three employees are putting their men together to form a company.

Apparently all of the clerks are enthusiastic over the possibility of going to war. They seem to take to the drilling with interest, and when they are being put through their paces, the streets ring with good natured shouts and laughter.

Not Haphazard Movement.
This military organization of clerks is not a haphazard movement. It is being supervised by the government and the men thus enlisted will form a fifth line of defense. The companies are formed and are in addition to the thousands being recruited for the regular army and the military organizations in the various cities.

From the appearance of the recruiting stations, it would appear that all male England is trying to get to the fighting front. It did not come until the first shaves of the home scrap were already in stock, while so

HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."

—Mrs. C. H. GRIFFITT, 7305 Madison Ave., Cleveland, Ohio.

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."

WIND STORM MONDAY NIGHT DOES CONSIDERABLE DAMAGE.
Attaining a velocity of 41 miles an hour, a wind storm Monday night did considerable damage to telephones and telegraph wires in the neighborhood of Fort Bliss. The severe wind also damaged trees, both at the fort and down the valley. Blowing off of limbs of the trees, the storm was at its height around 8 o'clock, according to the weather bureau records, but it maintained a high velocity during the greater part of the night.
